Moving Passion to Action

GO TEAMS are short term mission and service opportunities which take teams of individuals, small groups, and R1 Task Force groups.

GO TEAMS provide individuals, small groups and Task Forces with practical, spirit-filled ways to serve a community, make a difference and be apart of building the Kingdom.

Short-term mission trips are not just for young adults! Anyone can and should go. GO! Challenge yourself or your Task Force to go beyond your Bible study. Spend a few weeks to several months serving people around the world or right here in the U.S.

We are aware that we can never end human afflictions. On the other hand, we are passionately committed to

serving the poor and needy. We do this by providing them with the resources necessary for security, empowerment, personal growth, and future success.

Making a difference in just **one** life is worth all the sacrifice in the world.

Experience tells us that as we build relationships within the community, while meeting the physical and emotional needs, hearts begin to open to the need for Christ.

Our goals are to

- A) participate in the daily routines of CHF/R1 national leaders and those we care for
- B) serve, love on, listen to, and share with others that believers in America sent us to serve them,
- C) engage in community evangelism,
- D) conduct Least of These Risk Assessments,
- E) prayer walk the Red-light districts

Be the Hands and Feet

Thailand

Philippines

India

United States
