TASK FORCE

A 21 CENTURY ABOLITIONIST MOVEMENT

A Movement for Change

At RESCUE1, we desire to be contributors to the worldwide movement of Biblical justice by abolishing the trafficking of humans. To see systems and structures that started as a dream for us, implemented by you, in ways that often exceed what we could have dreamed, is so meaningful to us and such a great encouragement for pressing forward.

RESCUE1 views Task Forces as rallying points, meant to gather individual abolitionists together so they can exchange ideas, combine their efforts, and effect real, measurable change.

We believe these Task Forces are the true power behind this movement as we seek to collaborate with the larger, worldwide, grassroots abolitionist movement. RESCUE1 knows that we are able to effectively fight for the abolition of slavery and exploitation because of the commitment of our Task Forces.

A Task Force is a group of people who align themselves with the Christ centered mission and vision of R1 to be both local & global ambassadors to end human trafficking.

As a RESCUE1 Task Force member, you become an agent of change. Together, we can abolish the horror of human trafficking and exploitation by rescuing the ①.

If you are interested in starting a Task Force, we will provide your group with a detailed Manual. This training document will assist in your education about human trafficking as well as equip you on how to be a local and global ambassador.

Moving Passion to Action

A **RESCUE1** Task Force is a committed group of people who meet monthly to align themselves by doing the following:

Meet monthly to cultivate passion and coordinate action.

Pray together for all aspects of human trafficking, slavery, and **RESCUE1**.

Educate yourselves to become local experts on human trafficking.

Recruit & educate your communities about human trafficking and introduce people to the work of **RESCUE1** and its partners.

Go to those whom the Lord has reviled in your community and abroad who need to be rescued .

Fundraise, annually, to fund a **RESCUE1** project of your choice.

Sponsor 1 helping to transform individuals & communities thru personal sponsorship. Providing a hope and a future that other wise may never be possible.
